Proxy Statement

INTRODUCTION

The Annual Meeting of Stockholders of Petroleum & Resources Corporation, a Maryland corporation (the "Corporation"), will be held on Thursday, April 10, 2014, at 10:00 a.m., local time, at the Four Seasons Hotel Baltimore, 200 International Drive, Baltimore, Maryland 21202, for the purposes set forth in the accompanying Notice of Annual Meeting and also set forth below. This proxy statement is furnished in connection with the solicitation by the Board of Directors of proxies to be used at the meeting and at any and all adjournments or postponements thereof and is first being sent to stockholders on or about February 25, 2014.

At the Annual Meeting, action is to be taken on (1) the election of a Board of Directors; (2) the ratification of the selection of an independent registered public accounting firm; and (3) the transaction of such other business as may properly come before the meeting or any adjournment or postponement thereof.

Important Notice Regarding the Availability of Proxy Materials for the Stockholder Meeting to Be Held On April 10, 2014:

This proxy statement, the notice of annual meeting, a form of the proxy, and the 2013 Annual Report to stockholders are all available on the internet at the following website: <http://www.astproxyportal.com/ast/13580/>.

How You May Vote and Voting By Proxy

You may vote in person at the Annual Meeting or by proxy. To authorize a proxy to cast your votes, please date, execute and mail the enclosed proxy card, or authorize a proxy by using telephone or internet options as instructed in the proxy card. Except for Proposals (1) and (2) referred to above, the proxies confer discretionary authority on the persons named therein or their substitutes with respect to any business that may properly come before the meeting. Stockholders retain the right to revoke executed proxies at any time before they are voted by written notice to the Corporation, by executing a later dated proxy, or by appearing and voting at the meeting. All shares represented at the meeting by proxies in the accompanying form will be voted, provided that such proxies are properly executed. In cases where a choice is indicated, the shares represented will be voted in accordance with the specifications so made. In cases where no specifications are made, the shares represented will be voted **FOR** the election of directors and **FOR** Proposal (2).

If your shares are held in the name of a bank, broker or other holder of record, you will receive instructions from the holder of record that you must follow in order to vote your shares. If your shares are not registered in your own name and you plan to vote your shares in person at the Annual Meeting, you should contact your broker or agent to obtain a broker's proxy card and bring it with you to the Annual Meeting in order to vote.

If you have questions regarding how to attend the meeting and vote in person, please contact the Secretary of the Corporation by telephone at (800) 638-2479 or by email at contact@peteres.com.

Who May Vote

Only stockholders of record at the close of business on February 14, 2014, may vote at the Annual Meeting. The total number of shares of Common Stock of the Corporation outstanding and entitled to be voted on the record date was 26,746,523. Each share is entitled to one vote. The Corporation has no other class of security outstanding.

Vote Requirement

For Proposal (1), referred to above, directors shall be elected by a plurality of the votes cast at the meeting. Proposal (2), referred to above, requires the affirmative vote of a majority of the votes cast at the meeting.

Quorum Requirement

A quorum is necessary to hold a valid meeting. If stockholders entitled to cast a majority of all the votes entitled to be cast at the Annual Meeting are present in person or by proxy, a quorum will exist. Proxies received by the Corporation that are marked "withhold authority" or abstain, or that constitute a broker non-vote, are counted as present for purposes of establishing a quorum. A broker non-vote occurs when a broker returns a valid proxy but does not vote on a particular matter because the broker does not have the discretionary voting power for that matter and has not received instructions from the beneficial owner. Proxies marked "withhold authority", abstentions and broker non-votes do not count as votes cast with respect to any proposal, and therefore, such proxies would have no effect on the outcome of Proposals (1) and (2), above.

Appraisal Rights

Under Maryland law, there are no appraisal or other dissenter rights with respect to any matter to be voted on at the Annual Meeting that is described herein.

Other Matters

The Corporation will pay all costs of soliciting proxies in the accompanying form. See "Other Matters and Annual Report" below. Solicitation will be made by mail, and officers, regular employees, and agents of the Corporation may also solicit proxies by telephone or personal interview. The Corporation expects to request brokers and nominees who hold stock in their names to furnish this proxy material to their customers and to solicit proxies from them, and will reimburse such brokers and nominees for their out-of-pocket and reasonable clerical expenses in connection therewith.

(1) NOMINEES FOR ELECTION AS DIRECTORS

Unless contrary instructions are given by the stockholder signing a proxy, it is intended that each proxy in the accompanying form will be voted at the Annual Meeting for the election of the following nominees to the Board of Directors to serve until the annual meeting of stockholders in 2015 and until their successors are duly elected and qualify, all of whom have consented to serve if elected:

Enrique R. Arzac	Frederic A. Escherich	Craig R. Smith
Phyllis O. Bonanno	Roger W. Gale	Mark E. Stoeckle*
Kenneth J. Dale	Kathleen T. McGahran	

If for any reason one or more of the above-named nominees shall become unable or unwilling to serve when the election occurs, proxies in the accompanying form will, in the absence of contrary instructions, be voted for the election of the other nominees above-named and may be voted for substitute nominees in the discretion of the persons named as proxies in the accompanying form. As an alternative to proxies being voted for substitute nominees, the size of the Board of Directors may be reduced so that there are no vacancies caused by a nominee above-named becoming unable or unwilling to serve. The directors elected will serve until the next annual meeting or until their successors are duly elected and qualified, unless otherwise provided in the Bylaws of the Corporation.

The Audit Committee reports to the Board on a periodic basis on its discussions of these items with management. In addition, the Board, acting at its regularly scheduled meetings, receives reports from senior management, including the Corporation's portfolio management team, the Chief Compliance Officer and the Chief Financial Officer. Between Board meetings, the Executive Committee, and/or the Chair of the Board, and/or the Chairman of the Audit Committee, as appropriate, interacts with the CEO and other senior executives on any matter requiring action by or notice to the Board. The Corporation believes that its leadership structure enhances risk oversight. Audit Committee Report

The purposes of the Audit Committee are set forth in the Audit Committee's written Charter. As provided in the Charter, the role of the Audit Committee is to assist the Board of Directors in its oversight on matters relating to accounting, financial reporting, internal control, auditing, risk assessment and risk management, and regulatory compliance activities, and other matters the Board deems appropriate. The Audit Committee also selects the Corporation's independent registered public accounting firm in accordance with the provisions set out in the Charter. Management, however, is responsible for the preparation, presentation and integrity of the Corporation's financial statements, and for the procedures designed to assure compliance with accounting standards and applicable laws and regulations. The independent registered public accounting firm is responsible for planning and carrying out proper audits and reviews.

In fulfilling its responsibilities, the Audit Committee has reviewed and discussed the audited financial statements contained in the 2013 Annual Report of the Corporation with the Corporation's management and with PricewaterhouseCoopers LLP ("PwC"), the independent registered public accounting firm. In addition, the Audit Committee has discussed with PwC the matters required to be discussed pursuant to Statement of Auditing Standards No. 61, as modified or supplemented. The Audit Committee has also received from PwC the written disclosures and the letter required by applicable requirements of the Public Company Accounting Oversight Board regarding PwC's communications with the Audit Committee concerning independence, considered whether the provision of nonaudit services by PwC is compatible with maintaining PwC's independence, and discussed with PwC its independence.

In reliance on the reviews and discussions with management and PwC referred to above, and subject to the limitations on the responsibilities and role of the Audit Committee set forth in the Charter and discussed above, the Audit Committee recommended to the Board of Directors, and the Board has approved, that the audited financial statements be included in the Corporation's 2013 Annual Report for filing with the Securities and Exchange Commission.

Respectfully submitted on February 13, 2014, by the members of the Audit Committee of the Board of Directors:

Kenneth J. Dale, Chair
Roger W. Gale
Kathleen T. McGahran
Craig R. Smith

The Board has adopted a written charter under which the Nominating and Governance Committee operates, a copy of which is available to stockholders at the Corporation's website: www.peteres.com.

Each of the members of the Nominating and Governance Committee is an independent director as such is defined by the rules of the New York Stock Exchange and none is an "interested person" as such as defined by the Act.

The Nominating and Governance Committee recommends to the full Board nominees for director and leads the search for qualified director candidates.

The Nominating and Governance Committee will consider unsolicited recommendations for director candidates from stockholders of the Corporation. Stockholders may recommend candidates for consideration by the Nominating and Governance Committee by writing to the Secretary of the Corporation at the office of the Corporation, Seven St. Paul Street, Suite 1140, Baltimore, MD 21202, giving the candidate's name, biographical data and qualifications and stating whether the candidate would be an "interested person" of the Corporation. A written statement from the candidate, consenting to be named as a candidate, and if nominated and elected, to serve as a director, should accompany any such recommendation.

The process that the Nominating and Governance Committee uses for identifying and evaluating nominees for director is as follows: When there is a vacancy on the Board, either through the retirement of a director or the Board's determination that the size of the Board should be increased, nominations to fill that vacancy are made by independent directors on the Board. The members of the Nominating and Governance Committee meet with the prospective director nominee. If a majority of the Nominating and Governance Committee members are satisfied that the prospective director nominee is qualified and will make a positive addition to the Board, as many of the other independent directors meet with him or her as is possible. The Nominating and Governance Committee then nominates the candidate at a meeting of the Board and a vote is taken by the full Board on whether to

elect the nominee to the Board and to include the nominee in the Corporation's proxy for election at the next annual meeting of stockholders. The Corporation anticipates that a similar process will be used for any qualified director candidate properly recommended by a stockholder.

The Board does not have a formal policy regarding the consideration of diversity in identifying Board candidates. When considering a new candidate for the Board, the Nominating and Governance Committee and the full Board may consider the diversity of skills, experience and/or perspective a prospective nominee will bring to the Board as part of their evaluation of the contribution that such prospective nominee will make to the Board. Such factors will be considered in the context of the Board's existing membership at the time such potential candidate is considered.

Retirement Benefits Committee

Messrs. Dale and Escherich and Dr. Gale (Chair) constituted the membership of the standing Retirement Benefits Committee of the Corporation, which administers the Corporation's Employees' Retirement Plan and Supplemental Retirement Plan. This Committee met five times during 2013. Previously, this Committee also administered the Corporation's Employee Thrift Plan and Executive Nonqualified Supplemental Thrift Plan. Those plans are now administered by a committee comprised of employees of the Corporation.

Board of Directors Compensation

During 2013, each director who is not an interested person, except for Dr. McGahran, received an annual retainer fee of \$20,000 and a fee of \$1,000 for each Board meeting attended. Dr. McGahran, who was the Board Chair, received an annual retainer fee of \$29,000 and a fee of \$1,000 for each Board meeting attended. All members of each committee, except executive officers and/or interested persons, receive an additional annual retainer fee of \$2,000 for each committee membership and a fee of \$750 for each committee meeting attended; the Chairperson of each committee receives an additional fee of \$750 for each committee meeting attended. The total amount of fees paid to the independent directors in 2013 was \$317,000. In addition, following each annual meeting of stockholders, each non-employee director who is elected or re-elected at that annual meeting receives 400 restricted stock units.

Transactions with Principal Stockholder

The Corporation shares certain expenses for research, accounting services, other office services (including proportionate salaries and other employee benefits), rent and related expenses, and miscellaneous expenses, such as office supplies, postage, subscriptions and travel, with Adams, of which all of the above-named nominees are also directors. These expenses were paid by Adams and, on the date the payment was made, the Corporation simultaneously paid to Adams its allocated share of such expenses, based on either the proportion of the size of the investment portfolios of the two companies, or, where possible, on an actual usage basis. In 2013, the Corporation's share of such expenses was \$982,695.

Audit Fees

The aggregate fees for professional services rendered by the Corporation's independent registered public accounting firm, PricewaterhouseCoopers LLP, for the audit of the Corporation's annual financial statement and review of the Corporation's semi-annual financial statement for 2013 and 2012 were \$63,677 and \$61,052, respectively.

Audit-Related Fees

There were no audit-related fees in 2013 and 2012.

Tax Fees

The aggregate fees for professional services rendered to the Corporation by PricewaterhouseCoopers LLP for the review of the Corporation's excise tax calculations and preparations of federal, state and excise tax returns for 2013 and 2012 were \$7,492 and \$6,588, respectively.

All Other Fees

The aggregate fees for services rendered to the Corporation by PricewaterhouseCoopers LLP, other than for the services referenced above, for 2013 and 2012 were \$5,477 and \$6,617, respectively, which related to the review of the Corporation's procedures for calculating the amounts to be paid or granted to the Corporation's officers in accordance with the Corporation's cash incentive plan and the 2005 Equity Incentive Compensation Plan, review of the Corporation's calculations related to those plans, and preparation of a related report to the Corporation's Compensation Committee.

The Board's Audit Committee has considered the provision by PricewaterhouseCoopers LLP of the services covered in this **All Other Fees** section and found that they are compatible with maintaining PricewaterhouseCoopers LLP's independence.

Audit Committee Pre-Approval Policy

The Audit Committee's policy is to pre-approve all audit and permissible non-audit services provided by the independent accountants. In assessing requests for services by the independent accountants, the Audit Committee considers whether such services are consistent with the auditor's independence; whether the independent accountants are likely to provide the most effective and efficient service based upon their familiarity with the Corporation; and whether the service could enhance the Corporation's ability to manage or control risk or improve financial statement audit and review quality. The Audit Committee may delegate pre-approval authority to its Chair. Any pre-approvals by the Chair under this delegation are to be reported to the Audit Committee at its next scheduled meeting. All services performed for 2013 were pre-approved by the Audit Committee.

The 8,620 restricted shares shown for Mr. Haynie will vest in one-fourth tranches on August 19, 2014, August 19, 2015, August 19, 2016, and August 19, 2017. The restricted shares shown for Ms. Prue will vest at the end of three years from the grant date, but only upon the achievement of specified performance criteria. The target shares (the target number is shown in the Grants of Plan-Based Awards table below) will vest after three years if, on January 1 of the year in which they vest, the Corporation's three year total net asset value ("NAV") return meets or exceeds the three year total return of a hypothetical portfolio comprised of a 50/50 blend of (a) an 80/20 blend of the Dow Jones U.S. Oil and Gas Index and the Dow Jones U.S. Basic Materials Index (for 50%) and (b) the Lipper Global Natural Resources Fund Index (for 50%) ("Hypothetical Portfolio"), with a lesser percentage or no shares being earned if the Corporation's total NAV return trails that of the Hypothetical Portfolio, depending on the level of underperformance on that date. In addition, if, on that date, the Corporation's three year total NAV return exceeds that of the Hypothetical Portfolio, an additional number of shares ("additional shares") (the maximum number of additional shares is included in the Maximum column in the Grants of Plan-Based Awards table below) will be earned and vest, depending on the level of outperformance. For a discussion of the assumptions used in valuing the stock awards shown in this column and the related accounting treatment, please see Note 6 to the Corporation's financial statements for 2013. Distributions of dividends and capital gains paid on the Corporation's shares of Common Stock ("distributions") are paid on all of the shares of restricted stock shown for Mr. Stoeckle and Mr. Haynie, and for Ms. Prue, on the target number of shares of restricted stock, when such distributions are paid on the Common Stock, except that no distributions are paid after the vest date on any shares that are forfeited due to the failure to achieve the performance criteria described above. For Ms. Prue, accrued distributions applicable to the additional shares are paid on such additional shares that vest on the vest date. The distribution rate for distributions paid on the shares of restricted stock is the same rate that is paid on the Common Stock.
- (11) These amounts reflect the grant date fair value for the 400 restricted stock units granted to each director under the 2005 Equity Incentive Compensation Plan upon election to the Board of Directors at the Corporation's annual meeting in 2013.

Consulting Agreement

To assist with the transition to the new Chief Executive Officer for the Corporation, the Corporation has agreed to enter into a consulting agreement with Mr. Ober for a one-year term beginning on

April 1, 2013 (“Consulting Agreement”). Under the Consulting Agreement, Mr. Ober will be paid consulting fees of \$216,000 over the one-year term.

2005 Equity Incentive Compensation Plan

In 2005, the Board of Directors adopted an equity incentive compensation plan for the Corporation, called the 2005 Equity Incentive Compensation Plan (the “2005 Plan”), to replace the Stock Option Plan adopted in 1985 and described below. The 2005 Plan was reapproved by the stockholders at the 2010 Annual Meeting. As of December 31, 2013, (i) the number of shares subject to outstanding awards under the 2005 Plan was 61,728 and (ii) the number of shares available for future grants under the 2005 Plan was 751,783.

Administration

The 2005 Plan is administered by the Compensation Committee of the Board of Directors. The Compensation Committee has general responsibility to ensure that the 2005 Plan is operated in a manner that serves the best interests of the Corporation’s stockholders. Prior to making any recommendations to the Board to grant awards, but at least annually, the Compensation Committee will review the potential impact that the grant, exercise or vesting of awards could have on the Corporation’s earnings and net asset value per share.

Eligible Participants

The Compensation Committee recommends to the Board, and the Board has full and final authority to approve, the Corporation’s directors, officers, and employees and any eligible subsidiary’s officers and employees selected to receive awards under the 2005 Plan. The individuals who receive grants under the 2005 Plan are referred to individually as a “Participant” and collectively as “Participants”. In addition, under the 2005 Plan, all non-employee directors of the Corporation are eligible to participate and receive awards as described below under “Non-Employee Director Awards”.

Available Shares

The Corporation has reserved and made available 872,639 shares for use as awards (4% of the Corporation’s Common Stock outstanding on the effective date of the 2005 Plan). The Compensation Committee may adjust the number and kind of shares available for use in awards when certain corporate transactions occur which affect the price of the Corporation’s Common Stock.

Under the 2005 Plan, no single Participant may be granted awards relating to more than 35% of the shares of the Corporation’s Common Stock reserved for issuance under the 2005 Plan. In addition, the 2005 Plan limits the total number of shares that may be awarded to any single Participant in any 36-month period in connection with all types of awards to 300,000 shares of Corporation stock. Grants to non-employee directors are limited to those described below under “Non-Employee Director Awards”.

Awards

The 2005 Plan permits the Compensation Committee, subject to approval by the Board, to grant the following types of awards:

- restricted stock;
- restricted stock units;
- deferred stock units;
- non-qualified stock options;
- stock appreciation rights (including freestanding and tandem stock appreciation rights); and
- performance awards.

In addition, the 2005 Plan permits dividend equivalents to be awarded in connection with any award under the 2005 Plan. The 2005 Plan permits the Compensation Committee to prescribe in an award agreement any other terms and conditions of that award. As described below, the Compensation Committee may designate any award under the 2005 Plan as a performance award subject to performance conditions. The 2005 Plan is also intended to qualify certain compensation awarded under the 2005 Plan for tax deductibility under Internal Revenue Code Section 162(m) (“Code Section 162(m)”).

The awards are described more fully below. Grants to non-employee directors are limited to those described below under “Non-Employee Director Awards”.

Restricted Stock. The 2005 Plan permits shares of the Corporation’s Common Stock to be granted to Participants as restricted stock. Restricted stock is stock that is subject to restrictions on transferability, risk of forfeiture and/or other restrictions. A Participant who receives restricted stock will have all the rights of a stockholder, including the right to vote the restricted stock and the right to receive dividends, unless the Participant is limited by the terms of the 2005 Plan or any award agreement relating to the restricted stock. During the period of restriction, the Participant may not sell, transfer, pledge, hypothecate, margin, or otherwise encumber the restricted stock.

Restricted Stock Units. The 2005 Plan permits restricted stock units to be granted to Participants. Restricted stock units represent rights to receive stock and are subject to certain restrictions and a risk of forfeiture.

Deferred Stock Units. The 2005 Plan authorizes deferred stock units to be granted to Participants. A deferred stock unit is the right to receive stock, cash, or a combination of stock and cash at the end of a time period specified by the Compensation Committee. Deferred stock units may or may not be subject to restrictions (which may include a risk of forfeiture), which restrictions will lapse at the expiration of the specified deferral period or at earlier times, as determined by the Compensation Committee.

Stock Options. Stock options may be granted to Participants, provided that the per share exercise price of each option is not less than the fair market value of a share of the Corporation’s Common Stock on the date of the grant.

Unless otherwise determined by the Compensation Committee, options will become exercisable after the first anniversary of the date of grant, subject to the Participant's continued employment or service with the Corporation. Stock options issued under the 2005 Plan cannot be exercisable more than ten years from the date of grant. In addition, and to the extent provided for in the applicable award agreement, the option price per share may be reduced after grant of the option to reflect capital gains distributions to the Corporation's stockholders made after the date of grant, provided that no such reduction will be made which will reduce the option price below zero.

Stock Appreciation Rights. Stock appreciation rights ("SARs") may also be granted to Participants. A SAR is the right to receive, upon exercise, an amount equal to (i) the fair market value of one share of the Corporation's Common Stock on the date of exercise minus (ii) the SAR's grant price.

Unless otherwise determined by the Compensation Committee, SARs will become exercisable after the second anniversary of the date of grant, subject to the Participant's continued employment or service with the Corporation. SARs issued under the 2005 Plan cannot be exercisable more than ten years from the date of the grant. In addition, and to the extent provided for in the applicable award agreement, the grant price of a SAR may be reduced after grant of the SAR to reflect capital gains distributions to the Corporation's stockholders made after the date of grant, provided that no such reduction will be made which will reduce the grant price of the SAR below zero.

Performance Awards. The 2005 Plan permits the Compensation Committee to make any award under the 2005 Plan subject to performance conditions. The Corporation may pay performance awards in cash or shares of the Corporation's Common Stock. The grant, exercise and/or settlement of performance awards will be contingent upon the achievement of pre-established performance goals, unless the Compensation Committee determines that a performance award is not intended to qualify as "performance-based compensation" for purposes of Code Section 162(m). (Code Section 162(m) provides that compensation in excess of one million dollars to certain officers of a public company is not deductible for income tax purposes unless it qualifies as "performance-based compensation".)

Non-Employee Director Awards

Immediately following each annual meeting of stockholders, each non-employee director who is elected a director at the meeting, or who was previously elected and continues as a director after that annual meeting, receives an award of 400 restricted stock units of the Corporation. In addition, at the effective date of any non-employee director's initial election to the Board, the non-employee director will be granted 400 restricted stock units of the Corporation. Non-employee directors will also receive dividend equivalents in respect of such restricted stock units equal to the amount or value of any cash or other dividends or distributions payable on an equivalent number of shares of Common Stock. The restricted stock units and related dividend equivalents will vest (and become non-forfeitable) and be paid (in the form of shares of Common Stock) one year from the date of grant. In addition, non-employee directors may elect each year, not later than December 31 of the year preceding the year as to which the annual grant of restricted stock units is to be applicable, to defer to a fixed date or pursuant to a specified schedule payment all or any portion of the annual grant of restricted stock units. Any modification of the deferral election may be made only upon satisfaction of any conditions that the Compensation Committee may impose.

Operation of the 2005 Plan

Under the 2005 Plan, the Compensation Committee, subject to approval by the Board, may grant awards (except for non-employee director awards) either alone or in addition to, in tandem with, or in substitution or exchange for any other award or any award granted under another plan of the Corporation or its existing or future subsidiaries or any other right of a Participant to receive payment from the Corporation or any Corporation subsidiary.

Employee Thrift Plans

Employees of the Corporation who have completed six months of service may defer up to 100% of base salary and cash incentive compensation to a tax-qualified thrift plan instead of being paid currently, and the Corporation contributes an amount equal to 100% of each employee's contribution (up to 6% of base salary and cash incentive compensation) but not in excess of the maximum permitted by law (see footnotes to the Compensation Table set forth on page 15 regarding 2013 contributions for the officers identified therein). The Corporation also has the discretion to contribute annually to each employee's thrift plan account an amount of up to 6% of the employee's combined base salary and cash incentive compensation attributable to the prior year's service with the Corporation. All employee contributions are credited to the employee's individual account. Employees may elect that their salary deferral and other contributions be invested in Common Stock of the Corporation, or of Adams, or a number of mutual funds, or a combination thereof. All of the Corporation's matching contribution is invested in accordance with the employee's investment elections, provided the employee is 100% vested in the Employee Thrift Plan. An employee's interest in amounts derived from the Corporation's contributions becomes non-forfeitable upon completion of 36 months of service or upon death or retirement. Payments of amounts not withdrawn or forfeited under the thrift plan may be made upon retirement or other termination of employment in a single distribution, in equal installments, or in an annuity.

The Corporation also maintains an Executive Nonqualified Supplemental Thrift Plan for eligible employees of the Corporation (the "Nonqualified Plan"). The purpose of the Nonqualified Plan is to provide deferred compensation in excess of contribution limits imposed by the Internal Revenue Code on tax-qualified thrift plans, including the Employee Thrift Plan of the Corporation described above. In accordance with such limitations, for 2014, the maximum annual amount that an individual can defer to all tax-qualified thrift plans offered by the Corporation is \$17,500 for those under the age of 50, and \$23,000 for those age 50 and over, and the maximum combined amount — consisting of both the employee's contributions and the Corporation's matching contributions — that can go into any single tax-qualified thrift plan is \$52,000 per year for those under the age of 50 and \$57,500 per year for those age 50 and over.

The Nonqualified Plan permits an eligible employee to contribute to the Nonqualified Plan up to the maximum amount of 6% of the employee's salary and cash incentive compensation that he or she is prevented from contributing to the tax-qualified thrift plan because of the Internal Revenue Code's limitations on annual contributions, and for the Corporation to contribute the 100% matching contribution on that sum and/or the Corporation's discretionary contribution that would otherwise be limited by the Internal Revenue Code's limitations on annual contributions. The employee's

contributions and the Corporation's contributions to the Nonqualified Plan are invested in eligible mutual funds in accordance with the employee's investment elections.

Employee Retirement Plans

Employees of the Corporation with one or more years of service participate in a retirement plan pursuant to which contributions are made solely by the Corporation on behalf of, and benefits are provided for, employees meeting certain age and service requirements. The benefits under the plan were frozen as of October 1, 2009, and no additional benefits attributable to additional years of service or increases in annual cash compensation after that date will be recognized. The plan, as frozen, provides for the payment of benefits on the occurrence of certain events, including an employee's retirement at the age of 62 or older. Upon such retirement, the amount of the retirement benefit is 2% of the average of an employee's monthly compensation during any 3 periods of 12 consecutive months out of the final 60 months of service during which such compensation, including cash incentive compensation, is highest prior to October 1, 2009, multiplied by years of service prior to October 1, 2009. Retirement benefits cannot exceed 60% of the highest 36 months' average annual cash compensation out of the employee's final 60 months' annual cash compensation, including incentive compensation. Benefits are payable in several alternative forms, each of which must be the actuarial equivalent of a pension payable for the life of the employee only. Retirement benefits (subject to any applicable reduction) are also payable in the event of an employee's early or deferred retirement, disability or death. Contributions are made to a trust to fund these benefits.

The Corporation also maintains a supplemental retirement benefits plan (the "Supplemental Plan") for employees of the Corporation, which was also frozen as of October 1, 2009. The purpose of the Supplemental Plan is to provide deferred compensation in excess of benefit limitations imposed by the Internal Revenue Code on tax-qualified defined benefit plans, including the retirement plan of the Corporation described above. In accordance with such limitations, the annual benefit payable under the Corporation's retirement plan for 2014 may not exceed the lesser of \$210,000 and the employee's average total compensation paid during the three highest-paid consecutive calendar years of employment. The \$210,000 limit will be adjusted by the Secretary of the Treasury to reflect cost-of-living increases.

The Supplemental Plan authorizes the Corporation to pay annual retirement benefits in an amount equal to the difference between the maximum benefits payable under the retirement plan described above and the benefits that would otherwise be payable but for the Internal Revenue Code's limitations on annual retirement benefits. All amounts payable under the Supplemental Plan will be paid from the general funds of the Corporation as benefits become due. The Corporation has established a funding vehicle using life insurance policies owned by the Corporation for the Supplemental Plan. Payment of benefits under the Supplemental Plan will be made at the employee's election either as a lump sum or a life annuity. During 2013, the Corporation made payments of \$48,020 under the Supplemental Plan.

The following table shows the estimated annual retirement benefits payable on a straight life annuity basis to participating employees, including officers, in the compensation and years of service classifications indicated, under the Corporation's Employees' Retirement Plan and Supplemental Plan:
